

Study and Research Opportunities

DI Hannelore Schopfhauser
Vice Rectorate for Teaching and Students
Staff Unit Communications and
Reporting

What BOKU University stands for

- BOKU University is one of the leading life sciences universities in Europe and combines scientific, technical and socio-economic topics - a place where science and students exchange ideas with business and politics for the sustainable development of our society.
- www.boku.ac.at

Our [Mission]

- Safeguarding and improving livelihoods
- Management and protection of natural resources
- Safeguarding nutrition and health
- Sustainable social and technical transformation

Research Areas of Competence

- Ecosystem Management and Biodiversity
- Agricultural Production and Food
- Sustainable Materials and Technologies
- Biotechnology
- Landscapes, Water, and Infrastructure
- Resources and Social Dynamics

Study Programmes

- **17 Master's Degrees in English**
 - Green Building Engineering
 - Water Management and Environmental Engineering
 - Biotechnology
 - Animal Breeding and Genetics
 - Green Chemistry
 - Mountain Forestry
 - Applied Limnology
 - Organic Agricultural Systems and Ageoecology
 - ... <https://short.boku.ac.at/yp5wwg>

Study Programmes

- **13 PhD Programmes**

- Build like Nature: Resilient Buildings, Materials, and Society
- Biomolecular Technology of Proteins
- Bioprocess Engineering
- Advanced Biorefineries: Chemistry and Materials
- Human River Systems in the 21st Century
- Biomaterials and Biointerfaces
- Transitions to Sustainability
- AgriGenomics
- ... <https://boku.ac.at/en/doctoral-studies>

Studying at BOKU University

- Look forward to
 - Interdisciplinary approach: 3-pillar principle (technology/engineering, natural sciences, economics/social sciences/law)
 - Green campus
 - Low study fees
 - Welcome Days and Buddy System for foreign students

Working at BOKU University

Benefit from

- excellent contacts in industry and business
- Interdisciplinary approach
- Funded basic research
- State of the art core facilities
- Biggest scale 1:1 River Lab in Europe

Living in Vienna

Enjoy

- Culture – traditional to modern day
- Big city with clean air due to lots of woods, parks and friendly climate
- Excellent public transport
- One of the most liveable cities in the world (different rankings put us between rank 1 and 3 over decades)

Living in Vienna

Vienna State Opera

New Danube – recreational area and flood protection

View of Vienna with Ferris wheel (Riesenrad)
